Subject: Fiscally irresponsible

Rob, Mark, Bernie, Herschel, Rick:

With tonight's thrust to push (actually force) the town to pursue a purchase of the remaining Pan and Fork at an overly inflated figure and bail out Manaus / CDC; I urge each of you not to rush to judgement due to the raised voices of a few.

We need boots on the ground 365 days a year that spend dollars in town to meet our current obligations thru regular tax revenues. Parks don't do that. Secondly, this week I received my annual property tax notice (UP 40%), how will further increasing that number to all Basalt citizens make this town more affordable??

Add the above two items together and this is indeed a very slippery slope that is being driven by dishonest parties including, one that is supposedly, the towns partner in the deal.

Encourage what growth there is to be in the core and help find real sustainability for this town. The citizens took on, at the towns request, a \$5,000,000 bond already to pursue a vision of comingled park and development....allow that vision and vote to proceed.

Think before you vote tonight.

Sincerely,

Brian Dillard
Old Town Resident
